

# THE ARAMARK BRAND STORY

An Aramark day begins the same way, every day,  
all over the world.

It's a quest for excellence that involves two elements: people with a strong sense of pride in their work and an organization dedicated to getting it right. This quest, while simple in intent, is complex in execution. It's as simple as caring for the needs of our customers—making sure that the moment of truth is a moment to remember. Complex, because we do it a million times a day all over the world, and to get it right we have to understand the emerging trends of a generation as well as the preferences of a single customer. We need to find creative solutions to today's unexpected challenges and marry them with time-tested practice.

We must find the perfect balance of doing things incredibly well over and over again, while at the same time being responsive to the changing needs of our clients and customers. At Aramark, innovation is what we bring to the everyday. Passion is at the heart of our process, and pride is what defines our people.

That's The Story Of Our Brand —  
Which Is The Story Of Aramark.
